3. DIRECTORS' COMMENTARY 3.1 Transactional overview

On 3 July 2019 Paratus Namibia concluded a rights issue in which Paratus participated pro rata to its shareholding in Paratus Namibia (refer to note 2.2).

On 25 September 2019 the shareholders approved the implementation of the proposed share swap transaction, as a Category 1 transaction together with an issue of new shares as consideration, in terms of the NSX Listing requirements. In terms of the proposed swap, Paratus will acquire in accordance with the swap Agreement 46 168 ordinary shares in Paratus Namibia, resulting in an increased effective shareholding of Paratus from 51.38% to 100% of the total issued ordinary shares in Paratus Namibia. The swap consideration is to be settled through the issue of 20 012 431 new ordinary Paratus Shares to be allotted to Paratus Group at a pre-determined and agreed upon price of N\$10.50 each for a total consideration of N\$210 130 525.50. The effective date will be upon fulfilment of the conditions precedent which include CRAN approval in terms of section 35 (1) of the Communications Act and written confirmation that the swap does not amount to a contravention of Section 46 (1) of the Communications Act. The estimated expenses relating to the swap transaction amounts to N\$3.15 million (excluding VAT, if applicable)

On 25 September 2019 the shareholders also approved the name change from Nimbus Infrastructure Limited to Paratus Namibia Holdings Limited and the change of the financial year-end of Paratus from the last day of February to the last day of June of each year.

3.2 Prospects

- By taking Paratus Namibia from a 51.4% subsidiary to a wholly owned subsidiary, as per the transaction approved by the shareholders on 25 September 2019, the directors are of the opinion that the following synergies are unlocked:
- · Exposure to Paratus Namibia's diversified revenue streams is fully cemented, including future revenues that can be generated from strategic assets like TKF. FTTX roll out in major Namibian cities and Paratus Namibia's 4G LTE network (Mobile LTE);
- The remaining conflicts of interest that exist where an investment is suitable to both Paratus Namibia and Paratus is eliminated, as the see-through economic interest for Paratus shareholders remains unchanged,
- regardless of whether such opportunities are pursued by Paratus Namibia or by Paratus; Access to capital for Paratus Namibia is simplified through the 100% shareholding, enabling Paratus Namibia to aggressively pursue its infrastructure roll out; and
- The duplication of governance structures and corresponding duplicated costs are eliminated by combining the Board of directors of Paratus and Paratus Namibia, as well as the relevant committees of the boards' consolidation into one fully aligned governance structure.

3.3 Changes to the Board

Messrs A Hall and B R J Harmse were appointed as executive directors to the Board. In accordance with Paratus's Articles of Association, one third of non-executive directors are subject to retirement by rotation. Messrs S H Birch and I B Amuenje were subject to retirement at the Annual General Meeting. Mr S H Birch was re-elected as a non-executive director and I B Amuenje did not make himself available for re-election. His decision follows the pursuance of other interests, which may result in a possible conflict of interest. The Board would like to convey our thanks and appreciation to Mr I B Amuenje for his invaluable contribution and

- dedication towards the establishment of Paratus. 3.4 Contingent liabilities
- As at the date of approval of the interim financial results, the Board was not aware of any contingent liabilities. 3.5 Dividends declared
